## VACANCY ANNOUNCEMENT

One Research Associate (RA) and one Junior Research Fellow (JRF) positions are available at Microbial Engineering Group for an industry sponsored project to work on genome engineering of fungal isolates for overproduction of cellulolytic enzymes.

The project is funded for the duration of 2 years, with likely extension of 1 more year based on the progress.

**Research Associate** (1 Position) – The incumbent should have a PhD degree in the area of biotechnology, molecular biology or related field with experience in various molecular biology techniques. Expertise in fungal or yeast molecular biology will be of added advantage.

Salary – Rs. 46,800 PM inclusive of all allowances.

**Junior Research Fellow** (1 Position) – The incumbent should have a M.Sc. degree in biotechnology or related area. Candidate with experience in molecular biology and/or fermentation technology will be preferred.

Salary – Rs. 32,000 PM inclusive of all allowances.

Application to the above posts should be sent via email along with the name of the post in the subject area, latest curriculum vitae and names and addresses of two referees. Application to be addressed to Group Leader, Microbial Engineering Group, ICGEB, New Delhi and sent to email ID [dbt.icgeb.bioenergy@gmail.com](mailto:dbt.icgeb.bioenergy@gmail.com) latest by date February 10<sup>th</sup>, 2019.
